Importance of the Issue

In December 2020, as case counts and positivity rates rose, Executive Order 72 imposed additional temporary restrictions to stem the surge of COVID-19 in the Commonwealth. Even though case counts are decreasing, there is still a cause for concern and a need for continued restrictions. Virginia’s seven-day moving average of new COVID-19 cases is still more than 2,000 per day, which is higher than at any point in the first nine months of the pandemic. Virginia’s seven-day PCR percent test positivity rate is 8.3 percent. The statewide rate of COVID-19 ICU hospitalizations (3.8 per 100,000) is still above the threshold of concern (3.5 per 100,000). Therefore, the health data makes it clear that, while Executive Order 72’s temporary restrictions can be eased slightly, they must largely remain in place a little longer. In addition, every Virginian must continue to practice measures that are proven to keep people safe: avoid gatherings with anyone outside your household, practice hand sanitation, maintain proper physical distance from others, stay home when possible, and wear masks while indoors and in public. We have to continue to work together to keep each other safe.

Directive

Therefore, by virtue of the authority vested in me by Article V of the Constitution of Virginia, by § 44-146.17 of the Code of Virginia, by any other applicable law, and in furtherance of Amended Executive Order 51 (2020), and by virtue of the authority vested in the State Health Commissioner pursuant to §§ 32.1-13, 32.1-20, and 35.1-10 of the Code of Virginia, the following is ordered:

Adults accompanying minors age five through 18 shall use reasonable efforts to prompt the minor to wear masks while inside the public areas noted above.

5. Medical-grade masks and personal protective equipment should be reserved for medical personnel. The use of cloth masks does not replace the need to maintain the required physical distancing, clean and disinfect frequently touched surfaces routinely in all public settings, stay home when sick, and practice frequent handwashing.
E. Masks – Exceptions

The requirement to wear a mask over one’s nose and mouth does not apply to the following:

1. While eating or drinking;

2. Individuals exercising or using exercise equipment;

3. Any person who is playing a musical instrument when wearing a mask would inhibit the playing of the instrument (e.g. wind instrument) so long as at least 10 feet of physical distancing can be maintained from other persons, whether the rehearsal or performance is indoors or outdoors;

4. Any person who has trouble breathing, or is unconscious, incapacitated, or otherwise unable to remove the mask without assistance;

5. Any person seeking to communicate with people who are deaf or hard of hearing and for which the mouth needs to be visible;

6. When temporary removal of the mask is necessary to secure government or medical services;

7. When necessary to participate in a religious ritual; and

8. Persons with health conditions or disabilities that prohibit wearing a mask. Nothing in this Order shall require the use of a mask by any person for whom doing so would be contrary to his or her health or safety because of a medical condition. Adaptations and alternatives for individuals with health conditions or disabilities should be considered whenever possible to increase the feasibility of wearing a mask to reduce the risk of COVID-19 spreading if it is not possible to wear one.

Any person who declines to wear a mask because of a medical condition shall not be required to produce or carry medical documentation verifying the stated condition nor shall the person be required to identify the precise underlying medical condition.

F. Masks – Waiver

The waiver of § 18.2-422 of the Code of Virginia is continued, so as to allow the wearing of a medical mask, respirator, or any other protective face covering for the purpose of facilitating the protection of one’s personal health in response to the COVID-19 public health emergency declared by the State Health Commissioner on February 7, 2020, and reflected in Amended Executive Order 51 (2020) declaring a state of emergency in the Commonwealth. Amended Executive Order 51 (2020) remains so amended. This waiver is effective as of March 12, 2020 and will remain in effect until 11:59 p.m. on June 30, 2021, unless amended or rescinded by further executive order.

Where the Final Permanent Standard for Infectious Disease Prevention of the SARS-CoV-2 Virus that Causes COVID-19 adopted by the Safety and Health Codes Board of the Virginia Department of Labor and Industry conflicts with requirements and guidelines applicable to businesses in this Order, this Order governs.
